Michael's 10 Mile run along the A6 in Dalmatian Attire

Staff member Michael has not been with us long but has joined the team with lots of enthusiasm. After only being with us for a few weeks he decided to run 10 miles in aid of Animal Care.

Dressed as a Dalmatian on a very cold wet Saturday morning Michael completed his run in style. He hopes to raise over £1000 to help the animals he looks after everyday.

Starting from the Cheese shop in Preston Michael made it all the way back to Animal Care in record time.

There is still time to donate if you follow the just giving account on our website

A BIG WELL DONE TO MICHAEL

Animal Care was extremely honoured to receive the sum of £3,400 raised by the pupils of Lancaster Royal Grammar School. Earlier this year we were nominated along with 4 other charities and from March onwards both the staff and the pupils did a fantastic job of raising just over £16,000 for the respective charities. Below are pictures from the presentation afternoon last Friday. The group picture includes members of the school's charity committee, with the representatives from each charity. Michael pictured with Charlie Nicholls, the pupil who kindly nominated us and Michael pictured with the Headmaster Dr Pyle.

This morning Jed had his first session at Fit Dog Hydrotherapy in Garstang, who kindly let us take dogs on a regular basis. Jed did very well and thoroughly enjoyed the gravy bones and cuddles at the end. Hydrotherapy helps dogs with many different conditions from being overweight to spinal injury and recovery. If you feel your dog may benefit give them a ring and have a chat.

Ann's handy hints for bunnies

If your rabbit stops eating this can be extremely dangerous and must be addressed immediately. Offer your rabbit fresh parsley (slightly crushed to release the scent) grass and dandelion leaves (also slightly crushed)

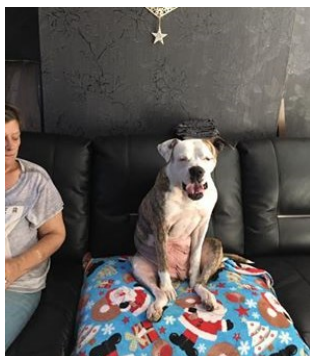

Dandelions might make your rabbit wee more but don't worry.

Make sure they have plenty of water. If there is no improvement you must contact a vet as loss of appetite can lead to gastro intestinal stasis which is life threatening!

Ann works with all the rabbits everyday and is always happy to give advice. If you would like to talk to her about any of the rabbits we have for adoption please call her on 01524 65495

All Stella wants for Christmas is a new home!

About Stella...

Staffie cross , Female , 7 years 10 months old

Stella is desperate for a new family to love her! Stella is a wonderful girl who loves people and adores attention. Stella needs a home with people who have knowledge and experience with dogs. Stella is a fantastic dog in almost every way. Stella has been at Animal Care since 12/08/2015 and we just can not understand why.

She is looking for people who understand her needs as she needs to be the only animal in the home. Every staff member would adopt Stella in a heart beat if they did not already have dogs. Stella is the most wonderful sweet lady and she deserves to be in a home with people that love her as much as we do.

Help needed!

Can you help in our tea rooms?

We are looking for people who like to bake and are able to work with food and can spare a few hours a week.

Our tea rooms are growing busier and busier every year and we are looking for people to volunteer when they can.

TILLY IS DESPARATE FOR A HOME

Tilly is a very sweet little girl who loves attention. Sadly she came into our care as her owner passed away. Tilly is a lovely girl and will make someone a wonderful lap cat. Tilly is looking for a very special home as she is epileptic. She is currently on medication to control her seizures. Tilly can go for years with no issues but then can have a number of seizures with in the same week. Our vets feel she is healthy and no long lasting damage has been done. Ideally she would suit a bungalow or ground floor flat. She is super friendly and can't wait to find her very special owner.
