## Tommy needs a home

Poor Tommy is finding kennel life very stressful being a high energy collie he has a very busy mind and hates to be bored. Tommy came to Animal Care via a farm, he was a failed farm dog so had been left to live on the yard for 7 years with his brother. Sadly this isolation has left him un socialized and worried about different things.

Tommy is looking for a new home as the only animal and no young children. He needs an owner who has had collies before and understands the breed.

Tommy loves going on long walks and enjoys afternoons out with staff and volunteers.

Tommy is very loving and will make someone a wonderful companion. For more information please call us. Support from our dog behaviorist Kathryn is available to anyone interested and ongoing support is always a phone call away.

# GOOD NEWS STORIES

This month we had a visit from Lewis from Bay Trust Radio who has been interviewing Michael about the work we do at Animal Care, and the up and coming Open Day. He also had the pleasure of meeting Baxter who has been looking for a home for 5 years on the 20th May!

THANK  
YOU!

Mission accomplished at Ridge Community Primary School, Lancaster.

It's was a pleasure to visit Ridge Primary again this year and speak to all classes over the course of March. All children responded with such a grown up and respectful attitude. Visits to classes focussed on how to be safe around dogs, what needs to be considered before getting a pet and responsibilities that come with having a pet. Last Thursday the school had a non-uniform day to raise money for Animal Care, which is fantastic way to not only raise funds but awareness as well.

THANK  
YOU!

Teaching and learning at its very best!!! ☺

Michael & Lona had the pleasure of visiting years 3,4,5 & 6 at Castle Park Primary School in Kendal this afternoon. Following on from an assembly years 5 and 6 were given the opportunity to put their creative English skills to good use by writing poems and raps using words that they associated with animal welfare. They produced some outstanding work in their groups! A huge thank you to the school and the children who brought in an unbelievable amount of donations!

THANK  
YOU!

Thank you so much for everybody's generosity! everyone who kindly donated chappy food we are extremely grateful on behalf of all the doggies on this special diet Darcy says a big thank you.

THANK  
YOU!

Massive thanks to Arnold Clark Morecambe today for their charity car wash in aid of Animal Care. A wonderful £240 was raised, huge thanks to everyone who took part. Local community support means a lot to us.

REGISTERED CHARITY NO. 508819 POSTER DESIGN BY BACK ROOM SAM

This year Animal Care is 40 years old!! To celebrate we will be hold a big birthday party / open day on May 20th

We are very excited for the event and hope it will be as successful as previous years.

There will be lots going on for all the family and we hope to raise both awareness of the charity and much needed funds

Our dog show will start at 1pm all dogs are welcome and we have some fantastic prizes for the dogs this year.

If your interested in coming to the event with a stall please call us to book a table on 01524 65495

## Jenson needs a home

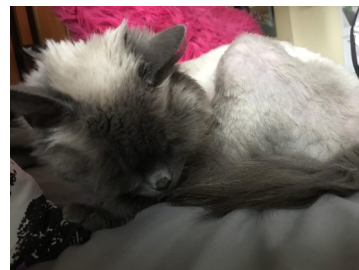

Jenson came to us as his owner said he was not settling in the home and on some occasion's becomes aggressive. Jenson has been fine with the staff and has settled in well to the cattery. He loves his igloo and enjoys a chin tickle. We feel Jenson would settle better in a home with no children. He does not like cats but he has been fine with all the dogs he has met during his time with us. Jenson likes his own space and will come to you when he wants attention he will not make a good lap cat but would fit into a household that can allow him to do his own thing and have his own space.

## Sparkles left in a state on the street

Poor sparkles was handed into us as a stray in a terrible state she was very underweight and was so matted her skin had become sore. She was extremely uncomfortable and in desperate need of help.

Sparkles was seen by our vets who decided the only way to help her was to have her fully shaved from head to toe. Sparkles was placed under general anaesthetic and all her matts were removed. Poor girl was a bit upset by everything so spent a few days at home with a staff member to put some weight on and help her feel happy again. Sparkles is now looking forward to moving in with her new owner this weekend.

We currently have a few cats suffering from the dreaded hairballs! We are using paste to help them but if anyone has any hair ball food that they no longer need it would be greatly appreciated - any brand, our cats aren't fussy thank you.
