16 Ducklings Saved

On 17th May 2011 Animal Care took in 16 ducklings which were due to be killed.

The ducklings are now four months old, they have all their adult feathers, each one is a different colour and are enjoying life living on the new pond at Animal Care.

The ducks are just some on the many animals we see come into our Wildlife Area each day and end up being released.

Can you help?

At the moment Animal Care has 44 Cats and Kittens looking for new homes.

We have cats from all ages, cats that need to find homes in pairs or cats that need a bit more love and attention than others.

We are finding the amount of cats dumped on our doorstep getting higher and higher each month and we are finding it hard to fit them all in.

If you think you can help in any way please ring any day between 10am to 3pm on 01524 65495
