ANIMAL CARE'S NEW LOGO

Animal Care Flies the Flag

Animal Care now has its very own flag flying high above our cattery roof. The flag was kindly paid for by one of our Trustees, Malcolm Richardson and the pole was donated by Len Robinson and Debbie Baxter, also Trustees.

The flag has the St Georges Cross on the back and the Lancashire Rose on the bottom left hand corner, with our brand new logo in the centre.

For more info or to volunteer help for one of the events please ring 01524 841819 and ask for Faye

News from the website

The website is doing really well and in the last month we have had 9,398 visitors to the site.

It is kept updated and new animals go on as soon as they come in. Many people have told us how good they think the new website is and how it has helped them to find their new pet. Please go and have a look and let us know what you think or what else you would like to see on there.

Gemma's Walk

The new paddock and dog walk is now up and running and is just waiting for the new agility equipment to be put up, which was kindly paid for by Lune View Dog Training Club.

•

• .

The new paddock is going to be named after a Animal Care dog that sadly passed away 1st September 2009. Her name was Gemma and she was adopted by Linda Raine, a volunteer and member of Animal Care. She had a lovely life and was a great spokes dog for us, going to many events and appearing in many newspaper articles. She is shown in the picture on the left hand side, at a charity event with Helen from Blue Peter. A true A paws in proceedings: Helen with rescue dogs, Gemma, left, and Heidi, as she officially opens the Animal Care Star R.I.P Gemma.

Dog Socialisation and Wildlife Centre Update

The New Dog Socialisation Room has now been finished and is just waiting for a few final bits and pieces.

This room will allow the staff and our dog behaviorist Dr Gill Aitken to train dogs away from the noise of animal care so they can really concentrate.

This will hopefully help in training some of our problem dogs so they can find the homes they really need.

As for the Wildlife Centre the new building is up and looking great.

Building work is still underway with this, as high fences need to go up. We are also planning on building an aviary around the back so that we have somewhere to keep ill or injured birds.
